## Ohio School Counselor Accountability Report

## Development Manual for OSCAR Creation

*A Continuous Improvement and Advocacy Tool for School Counselors*

## Guidelines

The Ohio School Counselor Accountability Report (OSCAR) is a results-based representation that visually demonstrates how student domain outcomes are facilitated by the work of school counselors. School counselors are educators with Masters Degrees, who work with the entire student population on their academic, career, and personal/social development in collaboration with parents, administration and teachers.

This manual is designed to support school counselors in creating a high quality document for publication, and we encourage school counselors to submit them for an award from the Ohio School Counselor Association by visiting <http://bit.ly/OSCARwebsite>. Each section of the OSCAR is broken down below, along with helpful hints. Reference the rubric below to ensure you have all of the recommended sections and details to qualify for an OSCAR award. A user-friendly template has been provided to help streamline your OSCAR development. It should be noted this template is just a suggestion, and the sky is the limit when it comes to artistically designing your OSCAR. A video has been created with tips on how to edit this template: <http://bit.ly/video4OSCAR>

An award-winning OSCAR must entail the following five sections:

- 1) The **Principal's Message** is a personal message to your school community about the vital role of the school counselor in the school. The message should be tied into the local/district/state/national initiatives as appropriate and tied to the school mission/vision statement. In this section, the school counselor's involvement in programs can be highlighted. It can also include a description of the learning environment, school community description, building improvement plan, school improvement plan and/or include focus for improvement.
- 2) The **Professional School Counselor Statement** is a message from the counselor(s) in the building. The message focuses on the role of the school counselor and the program.
- 3) The **School Climate and Safety** section includes process and perception data. Ask yourself, what does the community want to learn about school climate and safety and how does the school counselor play a role in school climate and safety? It could include information on preventative programs (i.e. bullying prevention and character education).
- 4) The **Student Domain Outcomes** section shows the relationship between the school counselor and the American School Counselor Association's academic, career and personal/social domains; it highlights how the work the school counselor impacts student outcomes and student achievement.
- 5) The **Community Partnership/Resources** section illustrates to your readers how connected the school counseling program is with agencies, businesses, schools and other resources.

OSCAR submissions will be accepted and reviewed at two times during the year, with due date of July 1. Please requested review no later than 3/30. After the OSCAR committee has approved your report, you will have the opportunity to be recognized at the All Ohio Counselor Conference and your document will receive an official OSCAR designation. If your OSCAR does not have all of the recommended details, you will receive feedback and recommendations for revision. After revisions are completed, your document can be resubmitted by September 1 for an additional review. All submissions must be emailed in PDF format to [osca@ohioschoolcounselor.org](mailto:osca@ohioschoolcounselor.org).

After receiving an OSCAR, your document can be used as an advocacy tool for your school counseling program. Distribute your OSCAR to key stakeholders including your building and district administration, school board members, advisory council, parent associations, local and state legislators and any other individual or group which may have a vested interest in your school counseling program. Posting your OSCAR on your school website and/or other social media outlets is also encouraged.
